

# ESTIMATED LOAD GUIDE

A Touchstone Energy® Cooperative   
Phone: 817.444.3201 ★ [tcectexas.com](http://tcectexas.com)

<b><u>Total Site Load</u></b>	The estimated load for the residence in kW
<b><u>Total DG Output</u></b>	The total output of all inverters to be installed including any inverter tied to battery power in kW
<b><u>Battery Capacity</u></b>	The energy rating of the batteries to be installed in kWh
<b><u>Battery Continuous Output Power</u></b>	The output power of the inverter(s) that are only battery coupled on the DC side in KW
<b><u>Inverter Continuous Output Power</u></b>	The output of the inverter(s) used for solar or wind

For any questions regarding the solar program, please contact the Engineering team at [distributedgeneration@tcectexas.com](mailto:distributedgeneration@tcectexas.com) or 817.752.8119
